An indication of the growth of the With all of the loose ends gathered up. automobile industry of the United States the second day of the twelfth national au-

An exhibit attracting much attention at the Madison Square Garden Show is that of the friction driven Cartercar. It consists of the complete line of five models.

The prost line of five models.

The prost line of five models. The most interesting feature of the display is the operating chassis, showing very detail of the construction of the car. This chassis is white, trimmed in gold.

Automobiles representing every feature of the 1912 industry will be exhibited at the show to be held in the State Armory at Providence, R. I., during the week of January 22-27, under the auspices of the Rhode Island Licensed Automobile Deal-providence. ers' Association.

The entries filed to date with Arthur S. Lee, general manager of the show, promise to make the display one that will rank high among all the shows of the season. In the size of floor space the Providence show will stand as one of the largest. Decorators have constructed more largest. Decorators have constructed more than half a mile of trelliswork and latticework, which is to be used in connection with the open air palm garden effect. Thirty-five exhibitors have secured space in the main hall and twenty-one on the lower floor. In many cases from two to six spaces have been taken by one exhibitors.

Looks Bad.

# Marquette

### At the Show

See the Car that Has Established a New Class Among High Grade Cars

ROBABLY no other motor car has done so much to combine the better luxuries of automobile ownership with reasonableness of outlay as has the Marquette.

In every detail of construction-in its handsome appearance as well as mechanical excellence—the Marquette measures up to the highest standards thus far set in this country or Europe. It is a car of genuine distinction. Back of it are the ample engineering resources of the General Motors Company organization, assuring all the benefits of thoroughly dependable service after purchase.

The five handsome models (two distinct chasses) are one of the interesting features at the Madison Square Show-Space 204. These models are also on display at our local show rooms, where arrangements for demonstration will be cheerfully made. Prices: \$3,000 and \$4,000, with complete equipment.

Local service facilities of a very special nature are at the disposal of Marquette owners in New York and vicinity.
